SCAN TO ENQUIRE

SOUND

Two column speakers with built-in bass spread music and speech evenly.

SPEECHES

A cordless handheld microphone for speeches, toasts and announcements.

LIGHTING

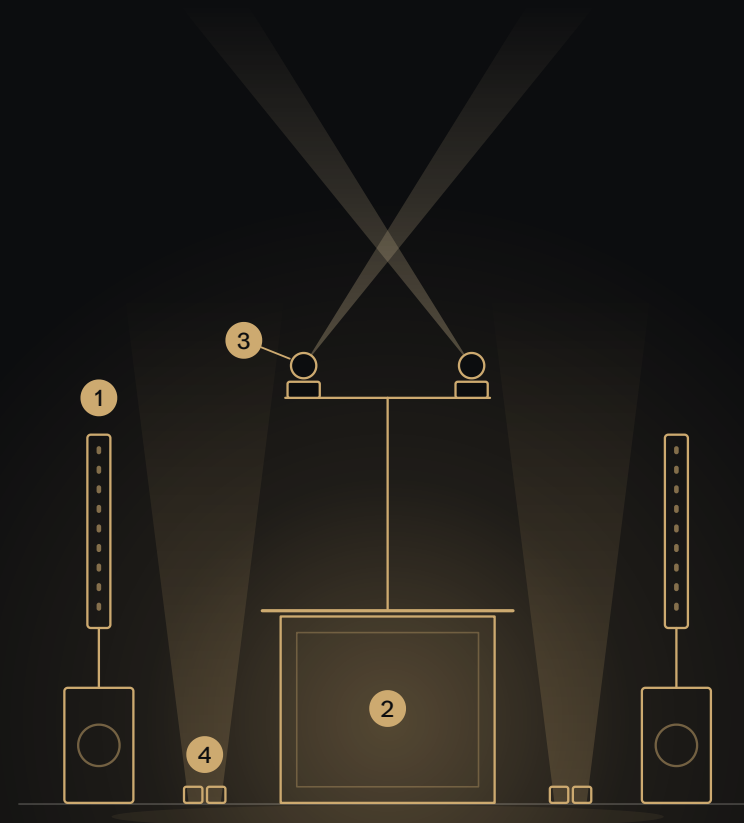

Four colour uplighters and two moving lights, from soft and warm to bold.

BOOTH

A folding booth with a fabric front hides the equipment and cables.

IDEAL FOR Weddings · Corporate awards · Gala dinners · Brand launches · Private celebrations · Hospitality events

THE SETUP

- | | |
|-----------------|---------------------|
| 1 Speakers | 2 DJ booth |
| 3 Moving lights | 4 Colour uplighters |

Equipment in Detail

Everything that comes to your event, and what it does.

SOUND & MICROPHONE

2 * HK Audio Polar 12 MK2

Two tall, slim column speakers, each standing on its own bass unit. They spread music and speech evenly across the room.

Bluetooth playback

A phone can play music straight through the speakers, handy before or after the DJ set.

Shure BLX24/SM58

A cordless handheld microphone for speeches, toasts and announcements.

DJ EQUIPMENT

Pioneer DDJ-1000

The main DJ controller, used to mix the music live.

Pioneer DDJ-FLX4

A smaller spare controller, kept on hand as a backup.

MacBook Pro

Runs the DJ software and holds the music library.

Behringer XENYX 1002SFX

A small mixing desk that brings the music and the microphone together before they reach the speakers.

LIGHTING

4 * BeamZ Flatpar RGBW

Slim uplighters that wash walls or the dancefloor in any colour, from soft and warm to bold.

2 * BeamZ Panther 25

Small moving lights that sweep beams, shapes and colour.

Chauvet DMX-AN2

Connects the lights to the control system, so they can be set and changed through the night.

Apple iPad

Controls the lighting during the event.

GL.iNet Opal router

Creates a private Wi-Fi network for the lighting control, so nothing relies on the venue's Wi-Fi.

BOOTH & SETUP

Vonyx DB3 DJ booth

A folding booth with a fabric front that hides the equipment and cables, plus an overhead bar for lights.

Millenium Go-Kart Truck XL

A heavy-duty folding trolley for getting everything in and out quickly.

Cabling

Sound, lighting, network and power cables, routed neatly and kept out of guests' way.
